There is one agency you can count on for quality entertainment, community news and information. Bainbridge Island Television is the only place to find meaningful programming designed to increase your understanding of our community, enrich your life and stimulate your thinking.

The mission of BITV is to strengthen our community with media and education. As cable fee funding for public access television is reduced, it is more important than ever for BITV to have a strong base of support from our individual donors. More than half of the station's budget comes from members, and our plans to improve island wide communication for the coming year are based on receiving significant community support.

BITV's plans to improve communication for all islanders by making community information available to all homes, all businesses and all organizations on Bainbridge Island through television and internet delivery of BITV programs. Our goal this coming year is to

- Provide 100% island wide distribution of television programming
- Provide our community a unified emergency messaging system that can reach the largest number of islanders
- Allow community members the opportunity to express their opinions and share their uncensored stories with the entire community
- Give non profits a more powerful marketing tool
- Provide businesses recognition for their community support

Your gift makes it possible for everyone in our community to access the rich cultural and informational content that is community television. With supporters like you, we can connect and involve the citizens in this region through engaging programming, educational services, and outreach that enhances the community network. Your support is crucial to the financial health of this important agency and Bainbridge Island.

"We recognize and support the valuable service BITV can provide to the entire community" — BITV Member
