Thank you for your support

The mission of BITV is to enhance the quality of life in its community by providing opportunities through public access television that inspire, educate and involve. Local television says a great deal about what we value and in many ways reflects the health of the community. Funding for local television is inadequate to provide even the most basic services. 100 percent of the station's programming budget comes from members. It is more important than ever for BITV to have a strong base of support from our individual donors. Your support is crucial to BITV/Bainbridge's future health.
